

# Pro Sports Cybernetics Safeguarding Policy

Pro Sports Cybernetics is committed to ensuring a safe and healthy working environment with adequate facilities to coaches, mentors, children and parents/guardians alike.

We are committed, so far as reasonably practicable, to ensuring the safety and health of all Pro Sports Cybernetics participants, whether on facilities or affected by our sessions and activities.

We believe that it is an important part of every person's contribution to try to prevent the injury or ill-health of coaches, mentors, children and parents/guardians alike.

In accepting this responsibility, Pro Sports Cybernetics will, so far as is reasonably practicable:

- Ensure safety and minimise the risks to health from the use, handling, storage and transport of equipment
- Provide and/or communicate information, instruction, training and supervision as is necessary to promote the health and safety of coaches, mentors, children and parents/guardians alike
- Provide and keep facilities in a condition that is safe and minimise the risks to health, including means of safe access and exit from facilities
- Provide facilities that are safe and without risk to health and which have arrangements for coaches, mentors and children's welfare during sessions and activities
- Ensure that significant facility and equipment hazards have been assessed for risk and suitable controls put in place
- Provide forums for active coaches, mentors and parents/guardians in the continuous improvement of health and safety throughout Pro Sports Cybernetics sessions and activities;
- Ensure that coaches, mentors, children and parents/guardians alike are aware and adhere to the Pro Sports Cybernetics policies relevant to them

Pro Sports Cybernetics can only achieve the above with the cooperation and involvement of all coaches, mentors, children and parents/guardians alike in fulfilling these responsibilities.

This statement and related arrangements will be reviewed regularly and updated as necessary by Pro Sports Cybernetics Board Members. This document is communicated with coaches, mentors, children and parents/guardians alike and can be obtained from Pro Sports Cybernetics Board Members at any time.
